

Loss Control Mobile Safety Tool - RI Loss Control App

With our combination of technology and in-house loss control services, we can develop customized safety programs to help minimize workplace injuries and illnesses. You can level up loss control with our easy-to-use mobile safety app that can help you avoid common pitfalls and maintain critical safety touchpoints.

The app contains useful safety tips, guidelines and tools that can be applied to a variety of industries.

Using the App

- Take your phone with you while you walk through your facility. When you open the **RI app** click on the Get Started button, which describes the app features.
- Click on one of the blue buttons that is most appropriate for your business: **General Industry, Food Service or Construction.**
- Choose **Safety Observations** where you can make notes and take photos of employee safety behavior and work conditions. Email or upload the observations to your computer.
- Underneath the Safety Observations tab, you'll find tips and instructions in **Keys to Safety, Safety Topics** and the **Safety Training Log.**

Other Resources on this App

On the Safety Management Best Practices page, you can access Forms, Report an Injury and Contact Us.

The app is available in English and Spanish.

For more information about this app, contact our Loss Control Department at 800-821-4520, option 8 or email RICALC@ri-net.com.
