

# Republic Indemnity®

Workers' Compensation Insurance Specialists

## The Accident Triangle

**Chasing Safety:** Organizations that respond to injuries after they occur, which means injury prevention is lacking.

**Responsive Safety:** Organizations that may respond to signs indicating potential accidents but are not fully practicing injury prevention.

**Prevention:** Organizations that are fully engaged in accident prevention since employees' unsafe acts and work conditions receive immediate attention.

Resource: Heinrich's Triangle, from Industrial Accident Prevention by H.W. Heinrich, 1931.
